WORLD'S SERIES TO OPEN IN NEW YORK TUESDAY, OCTOBER 8

Few Timely Facts About the Banner Event of the Baseball Season, Which Is Slated for This Week

The opening game of the world's baseball championship will be held in New York on Tuesday, October 8. The games will alternate between Giantville and Boston-one game in each city until the series is concluded. In the event of rain, it was decided

that the visiting team should remain in town until the game is played. The toss of a coin decided which city was to get the opening game. A second toss, with similar result, fixed the opening date. The Boston club

preferred Monday, October 7. The umpires selected are: National League, Klem and Rigler; American League, O'Loughlin and Evans.

The Boston club will control the sale of tickets in that city. This is a victory for President Ban Johnson of the American League. In New York the sale of tickets

will be handled by the National Commission. Boston has worked out a plan whereby tickets will be delivered, so far as is possible, to persons who have already made application. Tickets, good for three games each, will be issued.

In New York, with a view to defeating the speculators, the only seats reserved will be a block of 8500 in the upper grandstand. Seats in the lower grandstand and bleachers will be sold at the Polo Grounds, and each person purchasing a ticket must pass directly into the grounds.
